Venue details	Pitching Stage at the Innovation Hub
Objectives	<ul style="list-style-type: none">• Meet the most promising energy start-ups and explore how breakthrough innovations will drive the energy transition• Learn from experience about what innovation for energy transformation looks like in practice
Description	Challenging the conventional wisdom of energy systems with innovative solutions requires creativity, passion and the skills to persuade potential investors of your vision. The SET-100, our most promising entrepreneurs, will present their innovations and let the audience decide whether their idea is a global game-changer for the energy transition.
Key questions	<ul style="list-style-type: none">• What projects hold the greatest potential to prompt a successful energy transition?• What projects hold the greatest potential to be feasible and profitable?
